

## Chapter 1 The birthday

On a nice sunny afternoon, in California, there was a girl called Mary who lived with her mother in an ordinary home.

“Tomorrow is my birthday” said Mary so excited.

“I know, but you know really well that we don’t have enough money to do a birthday party, and besides, your best friend which is also your one and only friend moved to Hawaii. But instead of a birthday party, you may as well go in the forest and pick up berries, but remember, it’s just because it’s your birthday” said Mary’s mother.

## Chapter 2 The Goble Monster

The next day, Mary woke up, went down stairs and joined her mother in the kitchen table, to eat breakfast. As soon as she was done, Mary picked her favorite basket and, right when she was going to open the door that leads outside, Mary's mother told her "Mary, one more thing, watch out for the Goble Monster. The Goble Monster has a body full of scales like a crocodile or a snake. He has paws as sharp as a Grizzly bear paws and also as fury as a Grizzly bears fur. It's about two meters tall and one meter long. It's so creepy" said Mary's mom with a mean laugh.

## Chapter 3 The new discovery

Mary got out the door, and headed to the forest to pick up some berries.

Mary thought “Hmmm, is my mom lying or is she serious about the Goble Monster. And besides mom always thinks that I’m a baby and that I believe in monsters. I just turned ten today and I’m old enough to know that monsters do not exist. And besides, only baby’s believe in monsters” said Mary confident about herself.

It looks like her mom was lying which is not nice. Then, when Mary got to the bushes, she started picking the berries, suddenly, she found a secret bush and on it was written “Secret portal to Hawaii”

Mary got so excited that she touched the bush without even thinking. Then, a secret portal automatically opened and Mary fell inside. Mary didn’t expect the secret portal to be how she saw it. The portal was all dark and there was a voice that sounded like this “Prepare to faint, Prepare to arrive to your destiny HAWAII!” that was repeating six times a minute so technically every ten seconds. It took Mary five minutes to get to Hawaii. And also every ten seconds a Wight light shoots on Mary. When she arrived to Hawaii, she fainted.

## Chapter 4 The bully

After an hour, Mary opened her eyes and found herself in Hawaii. But the most exciting thing is that Sophie, her best friend was right in front of her. Sophie said” Hi Mary, I will show you around, but first of all, watch out for the bully, Jack. Once, he stole 50\$ from Sophie. She was saving up for a new pair of shoes. Her shoes are pretty old and have a lot of holes. And another time, he pushed Sophie in a big puddle of mud when she had her newest and prettiest dress she had. Jack is a really big bully. He has been bullying Sophie since she moved to Hawaii. All of a sudden, Jack popped out from the bushes of Hilo. Hilo is a place in Hawaii. Jack was surprised. He said “who is this filthy looking creature I have here. Mary was surprised at her turn.

## Chapter 5 Beating the bully

Excuse me, said Mary, did you even look in a mirror, because your nose is like a pig and you talk like a dying chicken. How do you feel when I told you that, I don't think you felt well so you should treat others how you want to be treated" said Mary.

Jack felt really bad so he said" I am so sorry, is there anything I could do for you to pardon me?"

"YES!" cried Sophie and Mary at the same time.

"We want you to go through the secret portal to California, go to Mary's, house, tell her mom to come with you and come back through the secret portal to Hawaii and that's the only way we will pardon you." Said Sophie.

So Jack obviously did it. He brought Mary's mom through the secret portal, to Hawaii. When they all got to Sophie and her parents' house, at Mary and her mom's surprise, they found Mary's dad there. He was so rich and on the table they had a gigantic cake and on it was written "happy 10<sup>TH</sup> birthday party!" it turned out to be Mary's best birthday she ever had in her life. And her birthday present was that Mary's rich dad bought a mansion right beside Sophie's and they all lived happily ever after.

The end!
